## Company Overview

Quantum Technology Group, LLC is a full service technology & telecommunications company. As a national leader in innovative connectivity technology, our company is a recognized resource in the design and installation of data, voice, and video solutions. Quantum Technology Group is a complete, single-source provider of client-specific voice, data, and video communications services and products including: unified communications, network integration, card access control, closed circuit televisions, cabling infrastructures, telephone, paging systems, mass notification systems, cloud technology, video teleconferencing, and voice mail solutions. Our team has established an excellent reputation and loyal clientele appreciative of the service, knowledge, and expertise of the entire staff. We are meeting or surpassing industry standards, while at the same time setting new ones.

We provide totally reliable, competitively priced, and superior mission critical Converged-IP Solutions to Federal, State, and Local Governments, educational institutions, and commercial markets primarily in the continental United States (CONUS).

Quantum Technology Group designs, engineers and implements solutions for clients that maximize the competitive advantage of networking based systems. The company has a proven and demonstrated track record of on-time, on budget project delivery.

**Quantum Technology Group, LLC is a certified SBA 8(a), SB, SDB, Minority and Service Disabled Veteran owned company.**
